40
YEARS

Texas Boombox Factory is an El Paso based manufacturer with 40 years of experience. All of our boxes are built by hand using the highest quality components and we are able to beat most of our competitors' prices.

We strive to fill and deliver orders of various sizes, types, and quantities (even custom boxes) with the quickest turnaround. Our boxes are made in the U.S.A. glued before being stapled, sealed with silicon, and the entire outer surface applied with adhesive before carpeting to ensure that the carpet does not drop or fray as easily as other boxes. All of our boxes are made with fiber/particle board or MDF. You will prefer to do business with us because of our exceptional customer service, our quick turnaround on items, and our quality products.

Boombox Factory can build any box you need even though it is custom. All custom box styles are kept confidential so you can rely on our team to keep all your information safe. All of our custom boxes undergo an additional silicon sealing process to ensure strength and good sound. We can also build boxes made entirely of plexiglass. We utilize special equipment to curve the glass to minimize the number of seams and improve the performance of the enclosures (it also looks much better than a complete square box).

Overall, we offer the LOWEST prices and UNLIMITED selection with fast impeccable customer service, quick turnaround, and quality products. We offer unique items such as bed-liners, vehicle security, remote start, window tint and removal, install of all car audio electronics, wholesale and retail items at competitive prices. Make sure to visit our website at www.BoomboxFactory.com and let us know how we can help you!

FROM THE OWNER

Our doors first opened in 1985, with a single goal to bring the best audio enclosures (boombox) to the public at the most affordable prices with the best quality. Over the years, our team has designed and innovated several new styles of boxes. Unlike our competitors, we provide quality products at a less expensive rate with our handcrafted boxes. It has been and always will be our goal to serve you, our valued customers!
